

Ahmed Mohsin Nazir

FA24-BCS-143

Assignment 01

Statement: Build a single-page personal CV/résumé as a static HTML + CSS website — no JavaScript, no framework, just semantic HTML5 and hand-written CSS. This is where you prove you actually know the raw building blocks before anything is allowed to hide them from you.

Your page must include, at minimum:

A header with your name, a short professional tagline, and a photo (a placeholder image is fine).
An “About Me” section.

An “Education” section listing your academic history in a semantic list or table.

A “Skills” section.

A “Contact” section with a real `<a href="mailto:...">` link and at least one social/portfolio link.

Correct use of semantic HTML5 elements throughout — `<header>`, `<nav>`, `<main>`, `<section>`, `<article>`, `<footer>` as appropriate, not a page built entirely out of unstyled `<div>`s.

Styling entirely in a separate `styles.css` file (external stylesheet, not `inline style=""` attributes) using the box model correctly — sensible margins, padding, and borders, not everything jammed against everything else.

Professional Summary

Computer Science student with a strong interest in AI agents, agentic AI, automation, full-stack development, and UI design. Passionate about building intelligent, scalable, and user-focused applications that solve real-world problems. Continuously exploring modern technologies and development practices to strengthen technical expertise, combine AI with software engineering, and create practical digital products with thoughtful functionality, clean interfaces, and meaningful user experiences.

Work History

President - ACM CUI Lahore

September 2026 – Present

- Lead the chapter's executive team and oversee technical, professional, and community initiatives.
- Plan and coordinate workshops, seminars, bootcamps, collaborations, and member activities.
- Manage partnerships, outreach, event execution, and overall chapter operations.

Education

Ahmed Mohsin Nazir

ahmeddmohsinanzir@gmail.com | +92 3028995818 | Pine Avenue, Lahore

Education

2024-2028

COMSATS University Islamabad - Lahore Campus

Bachelor of Science in Computer Science (BSCS)

Skills

- **Programming:** Java, Python, JavaScript, SQL
- **Web Development:** HTML5, CSS3, Bootstrap, JavaScript, Responsive Web Design
- **Backend Development:** Java, Spring Boot, REST APIs
- **Databases:** PostgreSQL, Microsoft SQL Server, MongoDB
- **AI & Automation:** AI Agents, Agentic AI, AI Automation, n8n, Prompt Engineering
- **UI/UX:** Figma, Wireframing, Prototyping, Design Systems, User-Centered Design
